SMELTER SHIPMENT TO BE RESUMED

With the resumption of work by the Tecopa Consolidated, the new town of Tecopa has taken on considerable life, and the wiseacre prophecy that nothing can stop the building of a fair size town at that place. The Tecopa company, operating the Noonday and Gunsight mines, is employing more than forty men constantly and everything is moving along smoothly with big things in store for the future. The two ten-drill compressors have been installed, and with this improved method of breaking ground, excellent progress is being made in extending the developments in the mine.

In the Noonday, machine drills are used in four drifts and one raise, and in the Gunsight in two drifts and one raise. On the 200-foot level in the Noonday, the drifts have been extended about 860 feet, 480 feet south and 380 feet north, all in the ore. On the 300-foot level, the drifts are out 125 feet each way, all in ore.

The vein in the Noonday is from ten to sixteen feet in width. On the footwall, the carbonate ore, carrying lead and iron, is from two to four feet in width, and goes about 16 per cent lead, while the concentrating ore averages from 8 to 12 per cent lead with a width from eight to twelve feet. The ore carries about one-half ounce of silver to one per cent of lead, and about \$1.80 a ton in gold.

Owing to the breaking of large quantities of shipping ore in extending the development work, Superintendent James H. Lester states that it will be necessary to ship the high grade, and he will put on one or two teams in the near future to haul the ore to Tecopa for shipment to Murray. The high grade is really in the way, clogging up the works, and has to be removed, so it will be converted into development money. The main object of the extensive work now in progress is not to take out shipping ore, but to open the concentrating reserves.

At the Noonday, Superintendent Lester has recently installed a huge blower, which will handle 25,000 cubic feet of free air per minute, and with this equipment the mine has an excellent circulation of air. Mr. Lester has also secured a distillate tank that will hold the contents of two tank cars, and will set same up at Tecopa. Large tank wagons will haul the distillate to the mines.

Murphy brothers, proprietors of the general merchandise store at Tecopa, are enjoying a good trade, brought about by the revival brought about by the reopening of the mines, and the general activity displayed by the prospectors who are getting into that section.

The construction of the Tonopah and Tidewater railway through the Tecopa country has induced operators to get busy and has been an incentive for prospectors to make locations in that section, heretofore isolated owing to lack of transportation facilities.—Rhyolite Herald.

EQUALLY UNCERTAIN.
"Was that you I kissed in the conservatory last night?"
"About what time was it?"—Exchange.

If you desire ruling or binding in a first-class manner call up the Bonanza and our solicitor will attend to your wants.

A \$30,000 attachment was yesterday served on Thomas Hooper, E. H. Mead and George A. Manning, practically tying up all of their property. The action originated in Nye county, and is brought by Capt. George W. Thatcher. It is asserted that Hooper and Mead contracted to buy from Thatcher a substantial interest in the Bushwacker property at Rawhide for the sum of \$10,000, payments to be made at stated intervals. In June, July and August there was to be paid \$30,000, or \$10,000 a month, so the story goes, but none of this money has materialized. Manning is made defendant, as it is claimed he was a party to the transaction. The attachment, which was received and served by the sheriff's office here, resulted in a seizure of Manning's interest in the Atlanta, Oro, Great Bend Annex, Vulture at Wonder, and Hooper-Manning leasing stocks; also Hooper's interest in the Hooper-Manning leasing stocks, Vulture and other securities.—Goldfield Tribune.

St. Patrick's Church.
Sunday, August 16. First mass, 8 a. m. Second mass, 10 a. m. At the 10 o'clock service the choir will sing Farmer's Mass, with the following soloists. Miss Muriel Robb, Miss Blanche Robb, Miss Hafferon, Mrs. Flood, Mrs. Cunningham, Miss Cardinet, Mrs. C. H. Morey and Miss Margaret Griffin, Messrs. Roach, McCabe, Degan and Burrows. Offertory, "To Thee Great Lord," (Rossini); "From Mosses in Egypt," choir. Before sermon: "Veni Creator" (Mullard), tenor solo, soprano and tenor duet and full choir. Exit, "Reflection," organ. Organist, Miss Valencia Bawden; director, Mr. Arthur Burrows; rector, the Rev. Father Butler.

Saint Mark's Episcopal Church.
Services, Sunday, August 16. Holy communion, 8 a. m. Sunday school, 9:45 a. m. Morning prayer and litany, 11 o'clock. Sermon: "The Receptive Soul." Evening prayer, 8 o'clock. Sermon: "The Indignation of Christ." Everyone is most cordially invited to these services. We will gladly welcome members of the other churches which are not holding services this Sunday. Lloyd B. Thomas, rector.

FLEES TO AFRICA.
SULLIVAN, Ind., Aug. 14.—The whereabouts of Seth M. Richcreek, the former Indianapolis banker who absconded from Indianapolis less than a year ago, was made known here today, when Henry A. Miles, an Indianapolis man, traveling for a St. Louis house, received a letter written from Johannesburg, South Africa, on May 25. The letter was sent to Miles at St. Louis and was forwarded to him here. Richcreek took with him about \$150,000, which he had gotten into his bank by offering high interest on deposits, besides a large amount of trust funds.

THE REAL TEST OF A CAMPAIGN.
"So you have gotten through with your party platform and your letter of acceptance?"
"Yes," answered the candidate.
"Then the hardest part of your work is through."
"Not by any means. I haven't yet thought up my epigrams."—Exchange.

AN ASS AMONG THEM.
After a certain jury had been out an inordinately long time on a very simple case they filed into the court room, and the foreman told the judge that they were unable to agree upon a verdict. The latter rebuked them saying the case was a very clear one and remanded them back to the jury room for a second attempt, adding, "If you are there too long, I will have to send you in twelve supers."
The foreman, in a rather irritated tone, spoke up and said: "May it please your honor, you might send in eleven supers and one bunch of hay."

Location notices in triplicate—handiest affair for prospectors and miners—contains carbon—150 notices in book. For sale at the Bonanza office.

DAILY BONANZA'S Ruling and Binding

We can do anything in our line that can be done in any of the big cities, can do it as well, and give better service in the matter of prompt delivery than any other institution of the kind in the State
